

29 November 2018 at the Marina Bay Sands, Singapore

Asia’s forum to drive solutions for the tourism industry’s most pressing issues
From plastics to multi-stakeholder partnerships, sustainable seafood to smart tourism

CSR Asia, an ELEVATE company, brings its global sustainability expertise and Asia focus to this forum that addresses gaps and challenges in the Asian sustainable tourism ecosystem. Leading companies in the hospitality and tourism sectors, as well as government officials and non-profits, will use the Forum’s platform to share solutions that are driving innovation and advancement in the industry and across Asia.

Sessions will host unique discussions that will catalyse action-oriented opportunities to collaboratively foster the development of best practices in the sustainable tourism industry.
