Course overview:

This is a three-day intensive training course aimed at giving attendees an in-depth overview to CSR, exploring environmental, social and governance risks and standards facing business. The objective is to build capacity among attendees to implement or develop CSR within their organisations. Case studies and practical exercises will be used in the training course to demonstrate the linkage between CSR and good business. **Topics include:**

- Global trends and global standards for CSR (including ISO 26000 and Global Compact)
- Business, biodiversity, climate change and the environment
- CSR, HRM and diversity
- Operationalising structured stakeholder dialogue
- CSR and risk management
- Human rights and CSR
- Product responsibility
- Health and safety
- CSR and Chinese outward investment
- Supply chains and capacity building
- Corporate governance and soft law
- SRI and disclosure
